

A new “old-time neighborhood”

Bev and Terry Murtaugh, formerly of Rochester, decided they wanted a home in a neighborly community. After looking at several over 55+ communities they discovered Sunflower Landing. Bev and Terry agree that “the difference is the builder’s attitude and vision for building a community. Michael Ferrauilo really listens to your needs and builds the house to make it fit you. He goes over the top with service!”

The Murtaugh’s like the idea of no maintenance, yet were pleased to do some custom shrub plantings, as well as, transplanting some of the family rhubarb to their yard. The development is close enough to doctors and facilities, yet country enough to be comfortable. The association allows an easy lock and leave situation, with good neighbors watching out for you. Come take a look around, we’re welcoming new neighbors and friendships waiting to be made.

WELCOME HOME
